

## Welcome to Bohol!

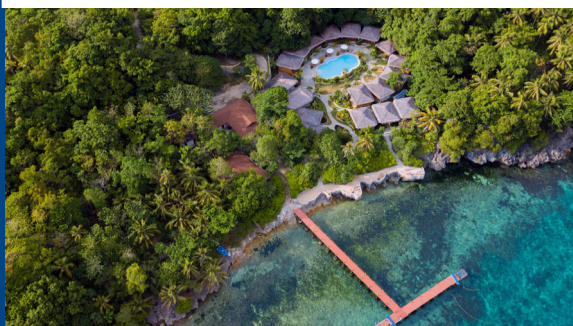

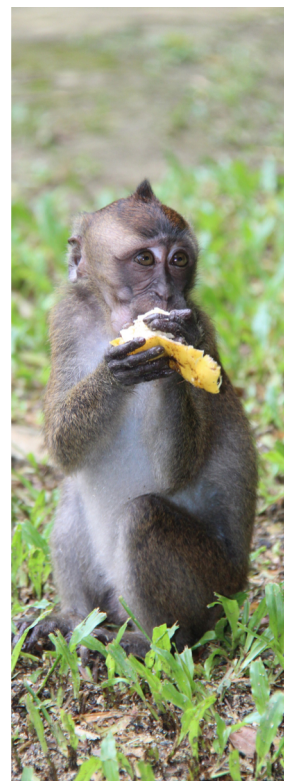

When you arrive on the island of Bohol you will be amazed by how lush and green it is.

Magic Oceans is situated in Anda, known as the “Jewel of Bohol”. Anda is located on a small peninsula on the Eastern tip of Bohol. It is still a hidden gem away from the main touristic areas, even though there is a beautiful untouched white sand beach, amazing view points and outstanding diving.

During your stay with us there are many options for tours you can enjoy to learn more about the local environment or the island of Bohol as a whole.
